Free implementation and 24/7 support

Loved by 50,000+ teachers across 3,000 schools

The complete digital teaching & learning toolkit for Canadian schools

Thousands of resources for each subject developed by an experienced team of subject experts and seasoned professional teachers.

Use Education Perfect

- ✓ As an instructional companion to support ongoing assessment & differentiation.
- ✓ For students to check understanding, consolidate learning and review concepts.
- ✓ To free up class time for collaboration, hands-on activities, and higher-order thinking tasks.
- ✓ FSL • ESOL/EAL • Languages • English • Math • Science

“EP has made it easier for me to differentiate for my students ... it’s allowed my students to challenge themselves or spend more time on certain topics as needed. I’ve been able to run small group activities and know that my other students are engaged.”

– Lily-May McCormick,
Teacher KPRDSB
Elementary
