EP for Senior

EP for Senior is a comprehensive online solution designed to support Year 11 and 12 students with learning, revision, and assessment strategy as they prepare for their final exams.

We provide the resources, reports, and analytics, so teachers can focus on relationships and individualised support.

Comprehensive customisable content

- An extensive bank of curriculum-aligned lessons for Science, Maths, English and Languages that can be fully customised.
- Multi-modal content ensures that all learning styles are catered for.

Powerful assessment tools

- Automated, yet customisable EP assessments reduce teacher marking and provide valuable insights into student performance.

Insightful data and reporting

- All student achievement data is tracked and collated into intuitive and exportable reports.
- Interactive dashboard providing an overview of student learning, progress, and achievement.

Automatic next steps

- Differentiate your classroom with individualised learning pathways for students.

Always accessible

- Designed to support independent and instruction-based learning, EP is available whenever and wherever learning happens!

Personalised support

- Qualified teachers provide in-school consultancy and support on how to embed EP into your pedagogical approach.
- Around-the-clock email and in-app support.
